

GLADSTONE CALLS
UPON THE QUEEN.

BELIEVED THAT HE HAS OFFICIALLY RESIGNED.

Immediately Admitted to the Royal Presence Upon His Arrival at Buckingham—Every Report Sends Conspiration Into the Ranks of the Grand Old Man's Followers.

LONDON, Feb. 28.—[Special]—Mr. Gladstone went to Buckingham this afternoon and was immediately admitted to the presence of the queen. It is believed that he has gone to officially tender his resignation. Of course the frequency with which these reports have been circulated of late has done much to discount any effect which they might have, but every time a new report concerning Mr. Gladstone's intention to retire from the leadership of the liberal party is put in circulation there seems to be a positive panic among his most loyal followers and a corresponding feeling of encouragement among the enemies of the great English statesman and his policy.

The latest scare news is furnished by the Edinburgh Evening News, which announces upon what it classes as reliable authority the fact that Mr. Gladstone has resigned the premiership but adds he will retain his seat in the cabinet and will also retain his seat in the house of commons.

The general discussion of the matter on the stock exchange announces the rise in consols and Egyptian 4s with the persistent rumors and the firm belief that Mr. Gladstone will resign the premiership.

PRISON INVADED BY A MOB.

Four Hundred Italians Smash Jail Furniture and Street Lamps.

ROME, Feb. 28.—A street brawl occurred at Acquaviva Delle Fonti, in the province of Bari, and a member of the municipal guard tried to arrest the ringleader of the trouble. He met with resistance from the leader's friends and an effort was made to lynch him. The guard was rescued by his comrades, a detachment of whom escorted him to the barracks.

Later 400 peasants gathered and marched to the mayor's office in search of the guard. They entered that building and demolished the furniture of the reading-room. From there they went to the police station, which they invaded, destroying everything they could lay their hands on. The police ultimately dispersed the mob.

Serious Frontier Incident.

MOSCOW, Feb. 28.—A sensational story is current in military circles here that a fight has taken place on the Russo-German frontier between a detachment of Russian dragoons and a number of Prussian uhlans. Several are reported to have been killed on both sides. The Russian officers in this city decline to specify what loss either of the regiments are reported to have suffered, saying that they do not wish to cause international complaints. The fracas arose out of the fact, it is claimed, that Prussian uhlans were using the Russian eagle fixed to a frontier post as a target.

Rebel Magazine Blown Up.

LONDON, Feb. 28.—Dispatches received from Rio Janeiro say that the insurgent steamer Venus was off Engenho island bombarding the government fort at Madama point, when a sailor, who was taking shot from a magazine, dropped it on the floor, the shell exploded and the magazine was blown up. The sailor who dropped it was instantly killed and several other men were injured.

French Wheat Duty Raised.

PARIS, Feb. 28.—In the senate, after a speech from the minister of husbandry declaring that an increase in the duty on wheat was necessary in order to protect French farmers, the senators adopted, by a vote of 197 to 67, the duty of 7 francs was approved by the chamber of deputies.

Still Looking for Anarchists.

PARIS, Feb. 28.—The activity of the police in searching the domiciles of anarchists continues. About twenty anarchists were arrested to day in this city. It is believed that some of the arrests will turn out to be most important and will lead to further anarchist revelations.

Denied by Bayard.

LONDON, Feb. 28.—Thomas F. Bayard, the United States ambassador to the court of St. James, emphatically denies the report that he intends to tender his resignation.

Verdict of Nine Jurors to Be Good.

WASHINGTON, Feb. 28.—Mr. Bryan (dem., Neb.) has introduced in the house a bill to amend the revised statutes so as to permit, in civil cases, the verdict of three-fourths of the jurors consisting the jury to stand as the verdict of the jury, and such a verdict to have the same force and effect as a unanimous verdict.

To Make Lincoln's Birthplace a Park.

BARBOURSVILLE, Ky., Feb. 28.—A party of patriotic Kentuckians is taking steps to purchase the birthplace of Abraham Lincoln, in La Rue county, Ky., and convert it into a park. Negotiations are about completed and if successful work will be begun early in the spring.

PEPPER REPORTS ON WHEAT.

Prices and Remedies Quoted By the Known Whisker Farmer.

CHICAGO, Feb. 28.—The low price of wheat in this and every other market for so many months has attracted the attention of everybody, and so many theories have been advanced regarding it that the average reader is not a little at sea regarding the merits of the case. A document on the subject will be submitted by Senator Pepper, who for more than a year has been at the head of the subcommittee having the work in charge.

Advance sheets of this report are at hand and among other things include the following on the wheat situation: The farming area has been greatly enlarged since the war. The wheat acreage increased during the twenty-two years following 1870 from 18,992,000 acres to 38,534,000 acres, corn from 38,646,000 to 70,626,000 acres, and oats from 8,792,000 to 27,000,000 acres. With the stimulus to grain growing came corresponding development of the milling industry. Merchant milling has become so common that farmers now quite generally sell their wheat and buy their flour as they need it. The market for wheat in the United States is fixed by dealers on the Chicago board of trade, and for all the surplus wheat and corn exported the price is fixed in Liverpool.

The extension of the agricultural area took place chiefly in the new states of the west; it produced a marked effect on farming operations in all parts of the country, and it had corresponding influence on the general conditions of agriculture. It may be said, as too much of the grain-growing land of the country, that it has improved in recent years. This is true particularly in New England and the old middle states. Well-managed farms there now yield more wheat by the acre than they did fifty years ago.

Regarding a general cause of depression, the cereals being annual productions, their market values are affected more or less by large or small yields from year to year. Effects produced from the cause are much less now than in years before the facilities for distribution had reached their present state of development. When thirty to forty days were required for the passage of a ship bearing a cargo of 10,000 bushels of wheat across the Atlantic ocean, before telegraph wires and cables were used to convey information concerning crops, before the Suez canal was open for traffic, and before steamships were built that can carry 100,000 bushels of grain from New York to Liverpool in ten days a very heavy crop or a very light crop of any particular kind of grain in the United States materially affected market prices here for the surplus. Now, however, with present conveniences for handling, storage and shipping grain, with low rates of transportation over long distances, it is the world's production, and not that of any one country that affects market values of grains which go into the channels of commerce.

Our strongest rival is India, whose farmers during the seven years, 1886-1892, furnished nearly one-half as much as we did of the wheat requirements of our best customer. Of the world's requirements in 1868 that country furnished only 559,000 bushels. In 1889 her wheat exports amounted to 41,558,000 bushels. It has fallen off some since; the annual average from 1888 to 1891 was about 28,000,000 bushels. Our annual average exports of wheat, exclusive of flour, have been about 80,000,000 bushels during the last seven years. If the Liverpool price governs prices at other places it is easy to see that India wheat competition in that market, to the extent shown in the foregoing figures, does injuriously affect the price of American wheat. The opening of the Suez canal has cheapened transportation from Bombay and Calcutta to Liverpool 50 per cent. Wages of India farm hands are from 6 to 10 cents of our money per day. Wheat costs only about 13 cents a bushel on the farm, and 25 cents more puts it aboard ship, and 25 cents additional places it on the wharves at Liverpool or London. Thus 50-cent wheat from India competes with wheat grown on American farms at an average cost of 60 cents a bushel.

The Kearsarge Court of Inquiry.

NEW YORK, Feb. 28.—There was one extraordinary scene to mark the day's proceedings of the Kearsarge court of inquiry. Capt. Heyerman broke down while telling the story of the wreck, and the court room was cleared until he could control his emotions. When he had recovered his composure Capt. Heyerman concluded his testimony with details of the return trip to New York. Court adjourned until to-day.

Fire Causes a Heavy Loss at Boston.

BOSTON, Mass., Feb. 28.—Fire partly destroyed the five-story brick building owned by the Boston real estate company last night. At one time the flames seemed likely to extend to the whole block bounded by High, Pearl, Hartford and Wendell streets. The total loss is estimated at \$100,000, partly insured. The fire is believed to have been of incendiary origin.

Severe Penalty for College Hazing.

ALBANY, N. Y., Feb. 28.—Senator Coggeshall (Rep.) has introduced a bill imposing a fine of from \$10 to \$100 or imprisonment of thirty days to one year on all persons who engage or aid in hazing and making disfigurement from hazing mayhem, punishable by from three to fifteen years' imprisonment.

RACINE SLOT GAMES
TO PAY \$25 FEE.ORDINANCE AGAINST THE PEN-
NY CIGAR MACHINE.

Owners or Users of the Nickle in the Slot Devices Must Either Throw Them Out or Pay License—The City Council Intends to Impose a Yearly Tax.

RACINE, Feb. 28.—The "nickle in the slot" machine, as the various gambling devices that occupy places in saloons and cigar stores are familiarly called, are rapidly increasing in number in this city. The hard times do not seem to have had such effect upon them as general business, and their money making capacity seems to increase instead of diminish. There are probably 300 of the machines or devices in this city and nearly every saloon and cigar store has from one to three of them. A few of them are owned outright by the dealer, but a majority of them are owned by people from out of town, who come around every few days and open them, giving one-half of the profits to the dealer and retaining the other half himself.

They are a money-making device especially for the owner, and the common council now demands a rake off. An ordinance is now before the council imposing a \$25 license fee for every machine.

BRIBERY CASE OFF.

Postponed Until After the Coughlin Verdict Is Rendered.

CHICAGO, Feb. 28.—Further investigation into the circumstances pointing to a probable plot to influence Juror Weinberger in the Coughlin trial has been postponed until the end of the case, which will come now within a week. Judge Tuthill said, however, that he thought the evidence sufficient to warrant a vigorous inquiry.

A great crowd of people tried to get into the court room yesterday. As many as could be accommodated were admitted, leaving disappointed hundreds clamoring in the corridors. The space inside the rail in the court was crowded when Judge Wing resumed his argument. Andrew Foy had a seat near the press tables. Joe McKenna sat on a front row chair in the body of the court room. Judge Wing continued his analysis of Mrs. Foy's story. He consumed the entire day in his speech.

DROPS ALL THE BILLS.

Iowa Senate Committee Reconsiders All Previous Action.

DES MOINES, Iowa, Feb. 28.—The situation as regards temperance legislation is more complicated now than ever, so far as the senate committee is concerned. As indicated Senator Carpenter asked yesterday that the subcommittee bill, which had been recommended to be reported to the senate, be recalled. In the afternoon, at a meeting of the full committee, Senator Carpenter moved that all action of the committee recommending the other bills for indefinite postponement, with the exception of the democratic caucus bill, and the recommendation that the subcommittee bill be reported favorably, be reconsidered. This motion carried, and now the situation in the senate is the same as if nothing had been done in regard to the republican bills.

SLAIN BY LYNCHERS.

Two Murderers in Prison at West Plains, Mo., Are Shot to Death.

WEST PLAINS, Mo., Feb. 28.—Anderson Carter and Bob Montgomery, alias Jasper Newton, suffered death last night in the jail at Mountain Home, Ark., at the hands of a mob of several hundred men. They were shot to death in their cells. Bart Carter was spared because it was on his confession the three were arrested. Dec. 18 last they entered the house of Hunter Wilson of Baxter county, Ark., killed him, nearly murdered his wife and stole \$1,100.

EXPLOSION OF CHEMICALS.

Physician Fatally Injured and His Home at Clyde, Ohio, Wrecked.

FREMONT, Ohio, Feb. 28.—An explosion wrecked a house at Clyde yesterday and fatally injured Dr. A. A. Hutchins. The doctor was experimenting with an invention for an automatically lighting lamp. Certain explosive chemicals were used and while engaged in the tests the explosion occurred. The house was badly shattered and the doctor was mangled, both eyes being blown out. He can not live.

Attempt to Save McKane.

SYRACUSE, N. Y., Feb. 28.—Counsel for John Y. McKane have applied informally to Justice M. L. Wright at Oswego for a stay of proceeding. Justice Wright refused on the ground that as Justice Cullen had reviewed the case it would be improper for him to interfere. McKane's counsel then requested that the matter be kept secret.

Unemployed Cause Trouble.

TERRE HAUTE, Ind., Feb. 28.—Two hundred unemployed men stormed the Central Relief company's headquarters yesterday and quarreled over the distribution of thirty-five tickets giving work for that number of men at the rock pile. It was necessary to send for the police to prevent bloodshed.

THE "ROSTER LAW"
IS CONSTITUTIONAL.

THE PLAINTIFFS COUNSEL ADMITS THE FACT TODAY.

Attorney Flanders Finished Speaking This Morning and Burr W. J. Jones Followed Him in Behalf of Attorney General O'Connor—The Case Will Last Two Weeks.

MADISON, Feb. 28.—[Special]—There were no sensational developments in the roster suit today except that the concession was made by the plaintiff's counsel that the law under which the contract was let was constitutional. Attorney Flanders concluded his argument to the jury this morning and was followed by Attorney Burr W. Jones in behalf of Attorney General O'Connor. Seven hours were yesterday consumed by the address of J. M. Olin, attorney for the plaintiffs, in opening the case for his clients. He finished at 5 o'clock in the afternoon and was followed immediately by J. G. Flanders. It is expected that each defendant's counsel will make a brief address. There is no likelihood that the taking of testimony will commence before Thursday. The trial will last over two weeks.

OHIO MINERS IN DISTRESS.

Executive Board Trying to Ameliorate Their Sorry Condition.

COLUMBUS, Ohio, Feb. 28.—The National Executive Board of United Mine Workers met in special session yesterday at the headquarters in this city to consider the serious condition of the mining interest in this country. The condition of miners in Ohio is deplorable, and unless something is done to relieve their distress and suffering the result will be fearful. It is estimated that fully 15,000 miners are out of employment and there is no prospect of work. Mining is at a standstill in Jackson, Belmont and Jefferson counties, while the Massillon and Bellaire and a large number of the Hoeking Valley miners are not digging a pound of coal. Among the plans discussed was an assessment or per capita tax upon the miners who have work, but nothing definite will be determined until other members of the board arrive.

DEMOCRATIC CAUCUS CONTINUES

An Agreement However Is Likely to Be Reached Soon.

WASHINGTON, Feb. 28.—The democratic caucus on the tariff bill adjourned last evening after an all-day session, with the senators in fairly good humor. The measure has been formally taken out of the hands of the finance committee by resolution, so that Jones, Mills and Vest will be bound to follow the decree of the caucus. Everybody had his say yesterday, and that may be one reason why the opinion prevails among the democratic senators that the caucus will be able to fix up a bill which they can all support. It seems to be settled that coal will be conceded the 50 cents demanded on the theory that the house will bring it down to 35 cents.

There is still a very stubborn objection to granting the duty demanded on iron ore and that proposition is proving much weaker than coal. The Alabama senators are its only outspoken champions. No vote was taken by the caucus on iron.

The principal speeches made were by Hill and Brice attacking the bill and Vest defending it, with Jones of Arkansas also putting in his oar. Brice went over the ground traveled by him Monday and insisted that a tariff for revenue was the only one which should receive attention from a democratic caucus, and he declared that the bill as presented by the finance committee did not provide such legislation.

Sugar took up more than any one subject, and an effort was made to have the caucus vote, but this was given up with the understanding that a test should be had to-day. The proposition which will be submitted in behalf of the subcommittee provides a rate not exceeding 1 cent a pound on all "pure" sugars. This, it is claimed, would give a lower rate on the coarser grades, which could not come up to the polariscopic test, yet would at the same time not discriminate in favor of refined as against a large amount of raw sugars. Caffery of Louisiana will try for 1 1/2 cents, but there seems little probability of the caucus agreeing to more than 1 cent.

PRAYS FOR MR. WILSON.

Chairman of the Ways and Means Committee Remembered in the House.

WASHINGTON, Feb. 28.—In his prayer in the house yesterday Chaplain Bagby referred feelingly to the illness of Mr. Wilson, chairman of the ways and means committee, who is reported in a critical condition in Mexico.

Immediately after the reading of the journal, Mr. Pence of Colorado rose to a personal explanation. When the house adjourned last night it had refused on motion to permit him to proceed with an explanation he was making. He sent to the clerk's desk and had read a statement, which made him say that he charged Mr. Hainer with being fuller of beer than comprehension of ideas. What he had said was: "Fuller of beard than of ideas." He had immediately written a letter of apology, which he sent to the clerk's desk and had read. Acting under the advice of friends whom he knew to be wise and experienced in such matters he said he thought he

owed a more explicit apology to the gentleman from Nebraska. What he had said was said in the heat of the debate following a direct charge that he had said he desired to see this bill defeated.

The fight on the seigniorage bill was then resumed. Mr. Bland failed to secure a quorum to limit debate and the house proceeded to discuss the measure without limit of time.

Mr. Hatch took the chair, and Mr. Bowers (rep. Cal.) and Mr. Allen of Mississippi spoke for the bill. Mr. Cannon (rep. Ill.) opposed the bill.

Representative Bryan of Nebraska read a letter from the treasury department that from Feb. 1 to the 19th over \$18,000,000 of gold had been paid out in redeeming notes. Mr. Bryan said this disclosed that the men who gave gold to the treasury by buying bonds first drew the gold out of the treasury. The present indication was that the gold reserve was being depleted for the purpose of compelling another issue of bonds.

At the close of Mr. Bryan's speech the house adjourned.

THEY OBJECT TO A CHANGE.

Southern Republicans Want Their Usual Number of Convention Delegates.

WASHINGTON, Feb. 28.—The republicans of the south, according to their representatives in congress, will strenuously oppose the proposition of Chairman Carter of the republican national committee to change the plan of organization for the next national convention. The plans were discussed at the meeting of the executive committee in Washington as the culmination of the agitation among northern republicans, based on the idea that as the south gives republican candidates no electoral votes it is allowed undue influence in the nominating convention. One of the plans is to allow one delegate to the convention for every 7,000 votes cast for the republican candidate in the preceding Presidential election; the other proposition is to continue the present representation of the two delegates from each congressional district, and allow an additional delegate for every 7,000 votes. Either system would materially reduce the representation of the southern states.

Proceedings of the Senate.

WASHINGTON, Feb. 28.—In the senate a large number of petitions were presented protesting against a reduction of the existing duties on wool and various other features of the tariff bill.

Mr. Kyle of South Dakota introduced a bill for the establishment of a national university. It was referred to a select committee.

TO INVESTIGATE THE JUDGES.

House of Representatives to Look Into Railroad Injunctions.

WASHINGTON, Feb. 28.—Resolutions were presented to the house yesterday by Representative Somers of Wisconsin to investigate the action of several United States judges who have issued injunctions in railroad cases, most prominent among them being Justice Brewer of the Supreme court. They include also United States Judge Taft, Judge Ricks of Ohio, Judge Pardee of Texas, Judge Beatty of Idaho and Judge Dundy of Nebraska.

Silver Men May Block Legislation.

WASHINGTON, Feb. 28.—Representative Fithian of Illinois says that the silver men will block the appropriation bills and bring every class of legislation to a halt until the opposition to the pending silver bill consents to let a vote be taken. Mr. Fithian said the plan applies to all of the great appropriation bills for carrying on the government and the local measures for public buildings, river and harbors and general improvements. It will apply also to general measures of legislation, such as the bankrupt bill or banking measures now on the calendar awaiting a hearing. He is confident the silver men can bring all legislation to a standstill until the silver question is voted upon.

Many Passengers Are Injured.

DURANT, Miss., Feb. 28.—A train on the Illinois Central road was derailed three miles from here yesterday morning. The smoker struck a broken rail and with the ladies' coach was thrown down a high embankment. Severe injuries were suffered by many passengers, but none were fatally hurt.

Hearing Ordered on U. P. Wages.

OMAHA, Neb., Feb. 28.—Employees of the Union Pacific are to have a hearing upon the wage question and will be invited to meet President Clark of the system and others whom he may elect March 15 in conference, the conference to continue from day to day until an agreement is reached.

Judge McDill's Condition Alarming.

CRESTON, Iowa, Feb. 28.—The condition of Judge J. W. McDill of the interstate railway commission is much worse and his physician reports that unless some speedy improvement takes place he can not survive.

DIPHTHERIA COMES
AFTER SMALL POX.BELOIT IS NOW SCOURGED BY
THROAT MALADY.

Small Pox Patient Better Though the Worst Stage Has Not Yet Been Reached—Board of Health Considering the Closing of the City Schools as a Precautionary Measure.

BELOIT, Feb. 28.—The small pox scare in this city is slowly dying out but is giving way to what is proving a worse scourge—diphtheria. The small pox patient, Miss Anna Conklin, is getting along fairly well, although the worst period of the disease will not be reached until the latter part of the week. There are a large number of cases of diphtheria in the city of a very serious nature, the patients being mostly among children. A little child of Mr. Hubbard, who but recently lost his wife and infant daughter by the dread disease, is in a very critical condition, a young son of Will Green died Sunday night, and the board of health are thinking very seriously of closing the schools.

RAN OVER THE RED LIGHT.

Five Men Attempt to Hold Up a Santa Fe Train Near Hutchinson, Kan.

HUTCHINSON, Kan., Feb. 28.—An attempt was made last night to hold up the east-bound Santa Fe railroad passenger train at the Rock Island crossing, one mile east of this city. A red light was swung in front of the approaching train and then left in the middle of the track. Engineer McNeil, suspecting something wrong, opened the throttle and put on full speed. Word was sent to this city from Kent, and a posse was at once organized and a thorough search of vicinity instituted, but no trace of the men could be found. Engineer McNeil reported that the men were five in number, wore no masks, and from all appearances were ordinary tramps who were green at the job.

Cheer for the "Red Flag of Peace."

BOSTON, Mass., Feb. 28.—The demonstration of the unemployed in Faneuil hall yesterday was a quiet affair. There was no parade, Morrisson I. Swift and Carson, the union agitators, acted as leaders of the unemployed, but refrained from any fiery speeches. Gov. Greenhalge was ridiculed by the speaker. The meeting broke up with three cheers for the red flag, "not of violence," said the speaker, "but of peace."

In the Iowa Legislature.

DES MOINES, Iowa, Feb. 28.—In the senate yesterday petitions were presented protesting against the repeal of the prohibitory law, asking for woman suffrage, asking the passage of the local option liquor bill, asking that the age of consent be raised to 18 years, asking that policy-holders in insurance companies be exempted from taxation on the same and asking a change in the fish and game laws.

Congressman Wilson Convalescent.

MEXICO, via Galveston, Texas, Feb. 28.—Representative W. L. Wilson, who lies ill in Guadalajara of typhoid fever, is reported to be much improved. His temperature is considerably lower and his pulse much more satisfactory than they were Monday. His whole party is much encouraged by this change for the better and now looks forward with confidence to Mr. Wilson's complete recovery.

Blows Up His Home with Dynamite.

VAN WERT, Ohio, Feb. 28.—John Fish's residence was blown up by dynamite. His son placed what he supposed an empty tin can on the stove. Mrs. Fish was sick in bed at the time, but she escaped injury, although a sewing machine was found on her bed after the explosion. The boy went out of the house a moment before the explosion occurred.

Missing Cornell Sophomore Turns Up.

ITHACA, N. Y., Feb. 28.—Mr. Diggins, the missing Cornell sophomore, arrived here from Syracuse yesterday. He says he had no connection with the banquet tragedy and that he is going to prove an alibi. He says he was called home to Buffalo by the illness of his sister, and that he had been ill himself.

New York's Unemployed.

NEW YORK, Feb. 28.—Police Commissioner Welles of Brooklyn has prepared a report of the census recently taken by the police of the unemployed persons in the city. The figures show that the number of persons out of work is 56,676 of whom 46,668 are males and 9,988 are females. There are in absolute need 19,873 persons.

New Taxes Opposed by the Vatican.

ROME, Feb. 28.—The vatican is opposed to the new taxation scheme of Finance Minister Sonnino. It recently made a large investment in Italian rentes. Disorders are expected to follow the closing of distilleries and other works which are unable to bear the proposed new duties.

Mr. Phelps Improves Rapidly.

NEW HAVEN, Conn., Feb. 28.—Dr. Gilber, who is attending Prof. Edward J. Phelps, is now quite confident that the ex-minister will soon be out again. Prof. Phelps will undoubtedly give up his classes at Yale for the remainder of the school year.

COUNTY NEWS TOLD IN A FEW LINES.

GEORGE WASHINGTON CELEBRATION AT MILTON.

Pleasant and Patriotic Entertainment the Result—Porter Family Sadly Afflicted—Johnstown Minister Shaken Up—Notes From the Balance of Janesville Suburban Points.

MILTON, Feb. 28.—Washington's birthday was observed here by a Washington entertainment given in the Seventh-Day Baptist church, under the auspices of the W. C. T. U. The large audience was there, not only to commemorate the birthday of Washington, but it was Milton's pledge of loyalty to the cause of temperance. A "New England supper" was served, at which the guests of honor were General Washington and his family. Mr. E. D. Bliss splendidly impersonated General Washington. Martha Washington was impersonated by Dr. Ella J. Crandall, who looked, for all the world, as if the majestic figure of Mrs. Washington, hanging in some old ancestral hall, had stepped down from its frame to grace the occasion. Miss Hattie Crandall and Master Harold Ingham impersonated the children, while Will R. Brown most ably represented the family servant. The literary exercises began at 8 o'clock with the following programme:

Priest.....Mrs. F. J. Clarke
Music.....Old Folks Chorus
Tableaux.....Washington and Family
Recitation.....Blanche Hutton
Music.....Children's Quartette
Recitation.....Miss Alice Miller
Music.....Clarke Quartette
Recitation.....Frankie Hudson
Recitation.....Blanche Hutton
Vocal solo.....J. A. Con
Recitation.....Miss Jennie Dunn
Music.....Old Folks Chorus

The singers all wore colonial costumes, and the songs were songs of "ye olden times." Had General Washington appeared in the flesh that evening he might have found enough of his ancient wardrobe to enable himself and family to appear in society in much of his former grandeur of apparel. Charles A. Smart, son of Robert Smart of this village, and for some time a student in the college, has been solicited by his friends to become the republican candidate for congress in the Second District of Kansas. He has decided to announce himself as a candidate and if endorsed by the convention will make a gallant run against the candidate of the "calamity party." Mr. Smart has resided at Ottawa, Kansas, for ten years, has been county attorney for two years and city attorney of Ottawa two years. His many Milton and Rock county friends wish him success in his candidacy for congress. The Du Lac degree staff express themselves much pleased with the reception accorded them by Wisconsin lodge No. 14 at Janesville. This is about the time of the year when local weather prophets determine the prevailing winds for the coming spring and summer. W. W. Clarke is the local agent for the Gazette, Sentinel, Inter Ocean and Record and takes subscriptions for all papers and magazines. Miss Williams again took charge of her department in the public schools this week. Silas Thomas has received an increase of pension and back pay amounting to one thousand dollars. Mrs. Taintor of Chicago, occupied the pulpit at the Congregational church Sunday morning. Frank D. Hall and wife returned to their home at Manchester, Iowa, Friday night. Fremont Smith has embarked in the pump repairing business. The display of northern lights just prior to the rising of the moon, on Thursday evening was the most extensive noted here in years. Rev. Richard Miller went to Cresco, Iowa, Friday and occupied the pulpit of the Congregational church there on Sunday evening. The school children in this locality have pretty much all been vaccinated, very few parents offering any objections. The lecture by Prof. Maxson on "The Boys of the Sixties" last Wednesday evening was listened to by a large audience and the reminiscences of those days were a novelty to the younger people present. If the friends of Judge Bennett wish him to be re-elected, by a handsome majority, they will find it necessary to take an interest in the canvass and see to it that the full republican vote is polled. In this part of the country his opponents are at work and leaving nothing undone that will contribute to his defeat. R. Richardson returned to Chicago Wednesday to resume his position in the new millinery house of Gage Bros. & Co.

A PORTER FAMILY STRICKEN.

One of the Ludden Children Dead and the Others All Sick.

PORTER, Feb. 27.—Mr. and Mrs. Mike Ludden are mourning the loss of their youngest child, a daughter, aged five months, who died of pneumonia last week. And indeed it seems that trouble never comes alone, as the rest of their children now have the scarlet fever. The house is strictly quarantined. Miss Matel Starkweather and Mr. Johnson of Jupiter were visitors at W. F. Flaherty's last Sunday. School in the Eagle district commenced again on Monday, but with a very small attendance, as only a few of the pupils have as yet been vaccinated. James Pollard of Edgerton is sizing tobacco for Dennis Casey. James Earle has given up farming and will act as traveling agent for a machine company this season. Robert Earle and wife will move onto the Earle farm soon. W. T. Dooley moved to Janesville last Monday. Bills are out for a sale at W. H. Flaherty's on March 6, commencing at ten o'clock. Miss Anna

Frenchier is visiting friends in Janesville. Dan McCarthy's folks have a cousin, John Leary, of Pennsylvania, visiting them. Joe Casey's children are well now and the quarantine has been removed. Ed Attlesley, of Fulton has been sawing wood for numerous farmers in this locality.

JOHNSTOWN PREACHER IN A WRECK

Rev. Mr. Clark's Buggy Broke and Shook Him Up—School Closed.

NORTH JOHNSTOWN, Feb. 27.—Rev. Mr. Clark, of Fulton, had the misfortune to have his carriage break down, throwing him out on the frozen ground, last Sunday as he was on his way to Lima, to fill his appointment. There were no bones broken, but it gave the reverend gentleman a general shaking up. However he reached Lima in time for the services. Miss Carrie Gray, who is teaching in Beloit, spent Sunday at home. School closed in the Cary district last Thursday. Covenant meeting at the church next Saturday at 2 o'clock p. m. All are invited. Mr. and Mrs. Will Bishop entertained relatives over Sunday. Mr. Painter, of Lima, is moving onto John McLain's farm on the town line, this week. Edna Fuller is sick.

News From Center Township.

CENTER, Feb. 27.—Rev. H. Goodacre has been confined to his bed with rheumatism for the past week but persevered in filling his pulpit Sunday. Mrs. George Davies, of Janesville visited her sister, Mrs. Pointer recently. The meetings which have been held here evenings are now closed. Mrs. Esther Wright has the grip. Samuel Dean spent Monday in Hanover. The entertainment given at the church last Wednesday night by home talent was a decided success, the seven daughters acting their part well, likewise our pedagogues. A collection was taken up and eight dollars received for the benefit of the Chicago poor. There will be a missionary rally at the Christian church in Footville Friday night an interesting program has been provided including a number of stereopticon views by the pastor. William Rettig and family spent Sunday with friends at Magnolia. Charles Rosa, of Beloit, attended church here Sunday. We are pleased to see Emory Dunbar buying stock through here as of old. Quite a large amount of stock was delivered at Footville from those parts last Monday. On March 6 the Beloit Glee club will give one of their concerts at Footville hall. They will be assisted by Mr. Wood, an elocutionist, and Professor Sleeper, the musical instructor of Beloit college. These concerts are spoken very highly of, and are always sure to please. Sherman Fisher, an old Center boy, is spending a few days with his brother John Fisher. Sherman now holds a good position as operator on the road. George Pepper returned home from Beloit, he being too ill to attend school. Henry Pepper and Fred Schroder will receive any and all contributions for the purpose of alleviating the destitution of the Chicago poor, and report that they are meeting with good success.

The Week at the Grove.

EMERALD GROVE, Feb. 28.—On Friday evening of this week Rev. G. Hammond will entertain the members of the People's Lecture Course with a tripartite; miscellaneous songs and recitations, illustrated, among which will be "Curfew Must Not Ring Tonight," "Home Sweet Home," etc. As Rev. Hammond has made for himself quite a reputation as an entertainer and speaker the audience should be a large one. Admission fifteen and twenty-five cents. The cold weather of last week has kept the roads in excellent condition. Everybody goes on wheels now. Messrs. Ole Hansen and E. H. Ransom shipped hogs to Chicago market last week. Will A. Dean and family have moved from Janesville and are now residents of this place. Oscar Hansen is visiting friends in Cookville. Have you eaten any of that shilling cheese Gillies & Jones are selling? From now on, the butter factory will separate every day instead of once in two days. Owing to the effect of vaccination our school is attended by only one third the usual number of pupils. Rev. G. Hammond officiated at the Zuill-Hansen wedding in Johnstown last Thursday.

News Notes From Newark.

NEWARK, Feb. 27.—The scabbie held at the residence of Mr. and Mrs. Ed. Smith last Friday night, was a decided success. A large crowd was in attendance and all seemed to enjoy themselves. School was closed last Monday, on account of the illness of the teacher, Miss Rose Eldredge. A Y. P. S. C. E. has been started in this place, and hold their regular meetings every Sunday, as a result of the meetings held here under the supervision of Sunday School Missionary Wheeler, of Beloit. About thirty have signified their intention to lead a new life. Dr. Nye, of Beloit, is expected here Tuesday, to vaccinate the school children in the Smythe district. Remember the church social at Mr. and Mrs. Fleese's, on Thursday night of this week.

Zuill-Hansen.

John Zuill and Miss Mary Hansen were married by Rev. G. Hammond at the Rock County asylum on Thursday evening, February 22. The groom is the son of John Zuill, an honored and old-time resident of Johnstown. Miss Hansen is from northern Wisconsin and has been a faithful attendant at the Rock County asylum for three years. After the wedding ceremony a reception was given to the wedding party, which consisted of intimate friends only, by Mr. and Mrs. Aller. Mr. and Mrs. Zuill will spend a few weeks in Iowa, and return to make their home in Johnstown.

HORSE SALE WASN'T A GREAT SUCCESS.

DEMOCRATIC TIMES TOO MUCH FOR BUYERS.

A Few of the Large Stallions Sold at Moderate Prices—General Bryants Stock Did Not Bring Fair Figures—McKinney Gets \$175 For a Two-Year Old Phallamont.

The combination sale yesterday was hardly a pecuniary success. A few of the large stallions were sold at moderate prices. The sale of the horses of General Bryant, of Madison, was unsatisfactory, prices being ridiculously low for the quality of the stock. The McKinney Stock Farm sold a two-year old, by Phallamont, for \$175. Messrs. Hadden Scott & Co., offered the crowd all varieties of horses—Shires, Percherons, Hackney and French Coach—but the bidding was entirely unsatisfactory.

The sale attracted a crowd of people from neighboring towns and the city; but they seemed content to plant themselves in the mud ankle deep, standing there the entire afternoon, staring at the auctioneer and laughing at his witticisms.

There were many appreciative persons, however, but the hard times and lack of money prevented their holding any argument with the auctioneer.

The sale was a disappointment to the promoters. In these days of free trade and democratic prosperity, they expected the most gratifying results. Better success next time.

H. T. HANSON GOES TO THE WALL

L. Pincoff's Failure Caught the Stoughton Leaf Buyer Horseman and Merchant.

Many Janesville people know H. T. Hanson, the Stoughton horseman, tobacco dealer and merchant. Hanson was caught by the Pincoff's failure and his large mercantile establishment has been closed by the sheriff on attachments for about \$18,000. Some of the principal claims are: Stoughton State bank, \$13,700; J. V. Farwell & Co., Chicago, \$1,200; Mendel, Smith & Co., Milwaukee, \$1,000; Christian Hanson, \$1,075. Mr. Hanson is the local representative of L. Pincoff, of Chicago, who has been operating extensively in Wisconsin tobacco of late and whose notes to the amount of \$20,000 were recently protested. Mr. Hanson had made himself personally responsible for some of Pincoff's paper and this is said to have precipitated his failure.

SURPRISE PARTY FOR C. H. KUECK

Alderman's Home Filled With Fellow Members of the Woodmen.

Alderman C. H. Kueck, of the Second ward, was pleasantly surprised last evening when he arrived at his home, 109 Caroline street. The alderman was purposely detained at the lodge room of Florence Camp, Modern Woodmen, by one or two members, to give others time to take possession of the home. When the alderman arrived he found his home filled. The evening was passed with music and social games. Refreshments were served, and the host was presented a handsome gold pin, the emblem of the Modern Woodmen.

Whitewater Praises Judge Bennett.

A judicial election will be held in the Green-Rock-Jefferson district this spring. Judge Bennett has consented to be a candidate again, and Mr. William Smith, of Janesville, has also been called out. But it is not likely that the voters of that district will allow a judge of Bennett's ability, integrity and experience to retire at this time. Mr. Smith might also make a good judge, but as long as the district can have Judge Bennett it better keep him and secure its own interest rather than seek to gratify some individual's personal ambition, no matter how good a man he may be.—Whitewater Register.

HEARD PROF. G. E. BAILEY TALK

John M. Whitehead's Friends Entertained in a Pleasing Way Last Night.

Prof. G. E. Bailey gave a very interesting talk at the Grand Hotel parlors last evening. The professor is now directing irrigating engineer of the Fruitdale Improvement Company of Idaho. John M. Whitehead is the vice president of the company and it was on his invitation that a few of his friends listened to the professor, who is a very entertaining talker and a gentleman of large experience. He said the Chicago Inter Ocean in the capacity of war correspondent and is a contributor to several other periodicals. His travels have taken him over nearly all of the known world.

Hanlon Bros' "Fantasma."

The Hanlon Brothers travel on the principle that the public enjoy and appreciate being treated honestly. They have been posing before the public for many years, and are known throughout the country for giving just what they advertise. Their production of "Fantasma" in some respects exceeds any spectacular now traveling. The scenery is fresh, and the effects are startling and pleasing. In the new production the inventive genius of the Hanlons shines very conspicuously. The tricks which are connected with the scenery and paraphernalia used in "Fantasma" are very gratifying.

SOME WELL KNOWN FACES.

Will Cultivate Sugar Beets.

Count Lubinski of Poland, who has been connected with the beet sugar industry in his own country from his youth, has selected 4,000 acres at Neligh, in Antelope county, 153 miles west of Omaha, and thither in the spring he will lead his first colony of 100 Polish families. The plan is to divide the 4,000 acres into 100 farms of 40 acres each—one for each family.

The colonists will pay \$20 an acre for their land and will be given six years in which to pay the \$800. No interest will be charged, and they will not have to pay cash, it being expressly stipulated that they may pay in sugar beets. Count Lubinski managed the Polish cafe at the World's fair in Chicago.

RUSSELL SAGE'S WIFE.

She Contrasts Strongly with Her Plutocratic Husband.

The social triumphs of Mrs. Russell Sage were the events of the last New York season. Not that social triumphs are new things to her, for she has long been the only member of that element in New York known as "the plutocracy" who had a social position in her own right aside from any pecuniary or other influence.

Thus it has come about that this accomplished lady has had entire into the exclusive circles when such people as the Goulds and the Rockefellers would knock vainly at the portals of good society. In addition to this has been Mrs. Sage's activity in work for the benefit of the poor—work so quietly done that it is never heard of or accomplished in connection with her own name. Naturally, her position has come to be unique and the attention she attracts is the inevitable result.

Yet a large measure of Mrs. Sage's personal popularity would not be hers were it not for a natural tact that seems never to desert her, and that quality which has been so vaguely termed personal magnetism. Certainly, the activities of this lady's husband have not been such as to associate the name of Sage with the idea of popularity and the position she has always retained is the more marked in consequence. Speaking of the years which have passed over her head, Mrs. Sage said recently:

"We are never old to those who love us."

Very Queer
re the sensations experienced by the nervous and dyspeptic. Unaccountable palpitation, buzzing in the ears, flitting of one side of the face, odd taste and tingling in the mouth, constant restlessness, stinging in the gut and sinking in the stomach, acute sensitiveness to light, some of the magnifying them tenfold, low spirit—these are only a few of the charming experiences of the individual who suffers from combined nervousness and indigestion—a condition usually travel together. Their gay and festive career is, however, brought to a full stop by that great est of ills, Hostetter's—tonic Bitters, which also overcome their ailments—constipation and biliousness. This popular remedy fortifies those who use it against malaria, chronic rheumatism and kidney complaint, restores nervous quietude and promotes appetite, vigor and sleep.

Try It.
For a lame back or a pain in the side or chest, try saturating a piece of flannel with Chamberlain's Pain Balm and binding it onto the affected parts. This treatment will cure any ordinary case in one or two days. Pain Balm also cures rheumatism. 50 cent bottles for sale by Stearns & Baker.

A Whimsical Chap.

Once tried to quote Bulwer (was it Bulwer?) and said, "Great ashes from little toe corns grow," and altho' he didn't exactly quote he got there, got there as it were, with both feet, at least with a part of both.

"To be or not to be," said Shakespeare, (or Bacon?) and he too, may not be far off. Foot it over hill and dale, till you are weary and foot-sore, and you cannot find such bargains as we offer in building sites, Homesites, for on these and the prices of the same and terms, too, we always did "see the mark." For some reason we are this spring getting onto the goods, the prices and the terms with both feet. And so, with Hamlet we soliloquize: "The wonder grows, why people are not 'up in arms' when the prices we quote are looked into. You can get a home, if you wish, so long as we are in the business; hard times don't count. If you are not earning so much money as you did last year, we will meet you; it don't matter.

Homesites and Homes are our *fad*; to help people get 'em is what we are on earth for, *this time*.

The main secret, we suppose, why we always get the major part of the real estate trade going, is that we own a *large* part of the property that we offer. Another part of the secret is, we deal *every time* so that our customer sends to us his or her friend when they want to deal.

Our beginnings here were not large, but so true it is that "Great oaks from little acorns grow," that the "birds of the air" have their homes,—build their nests,—in the result of our grain of mustard seed. Come over and roost with us. Yours very truly,

GEO. L. & SARAH H. CARRINGTON.

COL. CLARK SHOULD SUE.

Somewhat it seems it seems as if Mr. Olin had been trifling with Colonel Clark.

This is hard to believe, when the blandness of Mr. Olin's manner and sweetness of his smile is recalled and yet that McFall memoranda incident forces us to such a conclusion.

Mr. Olin allows Colonel Clark to suppose from Publisher McFall's testimony that this significant memoranda, showing a net profit of \$70,000 on the first roster job, has been hopelessly lost. Cast down by this loss Mr. Olin proceeds to examine Colonel Clark on what the paper contained. If he cannot have the paper he is anxious to get an idea of the contents. Colonel Clark is properly grateful that the bothersome thing has disappeared and proceeds to shape his testimony accordingly. There never was such a paper, he insists, he never saw it, never heard of it, never dreamed of it. The whole thing must be a figment of Mr. Olin's evil imagination. Olin smiles, draws Colonel Clark into explicit statements on each of these points, and when the declaration has been thoroughly established he rests.

Two weeks later the memoranda mysteriously comes to light and picturesque interest is added to the colonel's testimony. After such conduct as this there is but one course. Colonel Clark should sue Mr. Olin for breach of confidence.

SOME THINGS MADE THE CHANGE

It becomes more manifest every day that a national election this year would mean republican victory in every northern state. The influences that made Cleveland president are no longer enlisted on the side of the democratic party. Every move of the administration, every step taken by congress, has tended to turn public sentiment in the republican direction. The country has had practical demonstration of the incapacity of the democratic party for the work of conducting the affairs of the government in an intelligent, patriotic and beneficial manner. All of the pledges upon which the election of 1892 was carried have turned out to be disappointments and misfortunes. The worst troubles since the war have ensued. In every respect, the situation proves that a terrible mistake was made when republican rule was suspended.

AS REFORMED BY DEMOCRATS.

The controlling theory of the Wilson bill is that of favoritism toward the south, and the senate proposes to make it additionally offensive in that respect. There is not a single section in the measure that is calculated to promote the prosperity of a northern interest. The duties selected for smashing are all such as are practically restricted in their useful service to products and enterprises that are mainly confined to the north. In every instance where the south is specially concerned, care is taken to avoid injurious results. No one who studies the bill in whole and detail can fail to be struck by the fact of its extraordinary adjustment to party lines. It does not pretend to revise the tariff in a spirit of common justice and fairness, but only to reduce the revenue by lessening or abolishing duties that are helpful to industries in which republican states alone are vitally interested.

Even the Wilson bill would be better than this state of uncertainty, and yet the bill has very little to offer to the large number of workingmen who depend upon the success of manufactures for employment and the means of living.

It will be observed that all of the changes which the democratic majority of the senate finance committee is proposing to make in the Wilson tariff bill are in the interest of the south.

AN ENGLISH BEAUTY.

Charming Lady Southampton, Daughter of the Marquis of Zetland.

Lady Southampton is the brown-eyed beauty who constituted one of the principal ornaments of the Court of Dublin during her father's tenure of office as viceroy of Ireland. She was

LADY SOUTHAMPTON.

known in the days prior to her marriage as Lady Hilda Dundas, and her father is the marquis of Zetland. She is of medium height, of pale complexion, aquiline nose, luxuriant brown hair and a very pleasing manner. Lord Southampton, her husband, shares her popularity, and is, like her, endowed with good looks and plenty of ready money. He has been a peer ever since his fifth year, and his wealth had time to accumulate during his long minority. Part of his fortune was derived from the sale, many years ago, while he was still in his childhood, of Whittlebury, the family place near Cowes, for the sum of \$3,000,000. He still retains a beautiful country seat called Aynhoe Park, near Banbury, and entailed estates amounting to about 10,000 acres, which alone yield an income of over \$40,000 a year.

An officer of the prince of Wales' regiment of hussars, Lord Southampton is a particular favorite of the queen, just like his mother and sister. Of these two ladies the former is a lady-in-waiting to her majesty, while the latter, now the Hon. Mrs. Crutchley, was until the time of her marriage a maid of honor at court.

It was Mrs. Crutchley, by the bye, who was the first of the society women in London to inaugurate the now fashionable craze of skirt dancing, her debut being made at the burlesque entertainment given by the Guards in behalf of the regimental orphans.

The accompanying portrait of Lady Southampton is drawn from one of her favorite photographs.

TARIFF ACTS.

Legislation Touching Imports Has Been Almost Ceaseless.

Between 1780 and 1819 the heaviest permanent duty had been 20 per cent, imposed by the tariff act of 1816; and the financial policy of the country had not been protective in character. The first protective tariff was that of 1824; its average rate of duty was about 20 per cent. In 1828 another bill became a law, imposing higher rates of duties; in 1832 a reduction of some duties was made, but the average duty was 33 per cent. In 1833 a bill became a law providing for a gradual reduction of duties, and in 1842 an average duty of 20 per cent had been reached. But in September, 1842, a protective tariff was adopted which lasted until 1846, when a so-called free trade tariff came into effect. It provided for various classes of goods; those in class A paid 100 per cent; those in class B, 40 per cent; those in class C, 30 per cent. So it didn't provide absolute free trade. In 1847 this act was repealed, and still lower duties were fixed. Goods in class C paid only 24 per cent, and for a few years there is as near an approach to free trade as the country has had since 1816. In 1861, before the war began, the Morrill act was passed, restoring and increasing the rates of the act of 1846, and doubling the existing rates (raising them from 19 per cent to 36 per cent). The first "war tariff act" was that of July 14, 1862; the second was the "revenue act" of June 30, 1864, which put an average rate of duty of 47.06 per cent on dutiable goods—the act of 1862 had imposed an average rate of 37.2 per cent on such goods. In 1872 a "horizontal reduction" was made, by which 10 per cent was taken off the duties then existing. In these eight years the duties had not been let alone; there had been tinkering at every session of congress. In 1875 the reduction was repealed. In 1888 another general tariff act was passed, slightly reducing the average duty from about 44 to 42 per cent on dutiable articles. In 1890 the McKinley act was passed under which the average duty on dutiable articles is about 47 per cent.

Pastor Gets a Whitecap Letter.

DECATUR, Ill., Feb. 28.—Rev. J. W. Lessman, pastor of the Second German Lutheran church, has received a whitecap letter. He will not disclose the contents of the letter. He believes it was written by some dissatisfied member of his flock. Possibly an arrest will follow before the week is out.

Ohio Full of Floating Ice.

CINCINNATI, Ohio, Feb. 28.—Private telegrams from the upper Ohio say that all towboats in the river below Pittsburg have been compelled to go to the banks owing to the heavy floating ice.

President Going to North Carolina. NORFOLK, Va., Feb. 28.—The light-house tender Violet, with President Cleveland and Secretary Gresham on board, passed this city yesterday morning. It went through the canal on its way to North Carolina.

Valkyrie Not to Race.

NEW YORK, Feb. 28.—Lord Dunraven has decided not to allow the Valkyrie to race during the coming yachting season.

River and Harbor Bill.

WASHINGTON, Feb. 28.—Members of the rivers and harbors committee of the house have gone through the estimates for the ensuing season and as a result expect to keep the appropriations within \$10,000,000. An estimate of \$500,000 was submitted for the continuation of the Hennepin canal project but after frequent and long discussions by the committee this sum was cut down to \$150,000, these being the figures inserted in the bill now in course of preparation. Some of the western congressmen, and particularly those whose districts are contiguous to the great lakes, object to the discrimination which they claim is manifested by southern representatives for their own section, when the improvements are not, as they are claimed, in the interest of or for the development of commerce.

Desires a Pension Investigation.

WASHINGTON, Feb. 28.—Representative Taylor (dem., Ind.) introduced a resolution in the house reciting that there is reason to believe "certain officials and employees of the medical division of the pension bureau are and have been making false reports of evidence in pension cases to their superiors in office in order to secure unjust decisions in cases." The resolution calls for an investigation by the house committee on invalid pensions. It was referred to the committee named.

To Save the Kearsage.

WASHINGTON, Feb. 28.—The remains of the historic Kearsage will be raised from Roncador Reef if the house committee on naval affairs has its way. Yesterday the committee voted to report favorably the bill of Representative Blair of New Hampshire, but was more generous than Mr. Blair proposed. His bill would appropriate \$30,000 for the undertaking.

CHARACTER OF TOM.

This is told of Tom Reed's schoolboy days: "If anyone knows of any reason why these apples should not touch the lips of Tom Reed, let him speak now, or forever after hold his peace," said he one day right under the master's nose. And he gave a great bite at the first red-cheeked apple in his hand. Quick as a flash, out came the birch, and with equal skill at repartee, the pedagogue said: "If anyone knows any reason why this rod should not warm the jacket of Tom Reed, let him speak now, or forever after hold his peace." "I do!" said Tom. "Name it," replied the master. "Incompatibility!" He did not get that whipping.

A sudden gust of wind took a parol from the hand of the owner, says the Scottish American, and a lively little Irishman, dropping his hod of bricks, caught the parachute. "Faith, ma'am," said he, "if you were as strong as you are handsome, it would not have got away from you." "Which shall I thank you for first—the service or the compliment?" asked the lady, smiling. "Troth, ma'am," said Pat, again touching the place where once stood the brim of what once was a beaver, "that look of your beautiful eyes thanked me for both."

Life Was a Burden

Because of the intense pains in my stomach and side, and also on account of gall stones. After eating I would be in great distress. I became so reduced in flesh that my friends thought I would not live long. I grew worse and my removal to a hospital in Syracuse was under advisement, when my father had me give Hood's Sarsaparilla trial. There was an improvement at once and I have continued taking it until I am now well. I have gained in flesh and can eat heartily without distress. I now enjoy life and I owe it all to Hood's Sarsaparilla." Mrs. MARY SMITH, Cazenovia, N. Y.

MYSTERIES!

The Nervous System the Seat of Life and Mind. Recent Wonderful Discoveries.

No mystery has ever compared with that of human life. It has been the leading subject of professional research and study in all ages. But notwithstanding this fact it is not generally known that the seat of life is located in the upper part of the spinal cord, near the base of the brain, and so sensitive is this portion of the nervous system that even the prick of a needle will cause instant death.

Recent discoveries have demonstrated that all the organs of the body are under the control of the nerve centers located in or near the base of the brain, and that when these are deranged the organs which they supply with nerve fluid are also deranged. When it is remembered that a serious injury to the spinal cord will cause paralysis of the body below the injured point, because the nerve force is prevented by the injury from reaching the paralyzed portion, it will be understood how the derangement of the nerve centers will cause the derangement of the various organs which they supply with nerve force.

Two-thirds of chronic diseases are due to the imperfect action of the nerve centers at the base of the brain, not from a derangement primarily originating in the organ itself. The great mistake of physicians in treating these diseases is that they treat the organ rather than the nerve centers which are the cause of the trouble.

Dr. FRANKLIN MILES, the celebrated specialist, has profoundly studied this subject for over 20 years, and has made many important discoveries in connection with it, chief among them being the facts contained in the above statement, and that the ordinary methods of treatment are wrong. All headache, dizziness, dullness, confusion, pressure, blues, mania, melancholy, insanity, epilepsy, St. Vitus' dance, etc., are nervous diseases no matter how caused. The wonderful success of Dr. Miles' Restorative Nervine is due to the fact that it is based on the foregoing principle.

DR. MILES' RESTORATIVE NERVINE is sold by all druggists on a positive guarantee, or sent direct by Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles for \$5, express prepaid. It contains neither opiates nor dangerous drugs.

CITY REALTY SOLD
FOR BUT A SONG.

HOWEVER, IT WAS AT TREASURER MURPHY'S TAX SALE.

The Crowd Filled the Office and on Some Property the Bidding Was Quite Lively—One Hundred and Twenty Eight Sales Made in An Hour.

Treasurer Murphy's office was packed with excited people this morning, many of whom were present to invest money in real estate, taking chances of twenty-five per cent interest on a three years' loan of small amounts.

"Gentlemen," cried out the smiling city treasurer, "I am now offering for sale to the lowest bidder, one hundred and twenty-eight parcels of city property, for taxes assessed in 1893."

Then the good looking hander of the city cash pulled down his vest and said the first parcel was a sixteen acre tract in the First ward, the amount of taxes and costs being \$14.38. This was taken care of by interested parties, there being no competition in the bidding. Parcel after parcel followed, and finally speculators began to show up at the table and the bidding became quite exciting. While the great majority of the parcels were disposed of without division, this was only to interested parties, those who held equity or mortgage interests. In cases where no interested parties were present the bidding was lively, and ranged all the way from a half to a sixteenth part. Treasurer Murphy did not get excited, although at times the disputes between speculators waxed quite warm.

Made Him Perspire.

"Now, gentlemen, I offer the property known as the water power lots," said Treasurer Murphy. Up to this time Mr. Murphy had no use for a handkerchief, but it was evident that he was warming up. The lots were sold in a block, and the competition was manifest as they started at an offer to take the property for the charges. Richard O'Donnell offered one half, and then the cutting commenced cutting by degrees until they were knocked down to M. G. Jeffris for one hundred and one sixth.

The sale was concluded at 11 o'clock when the last parcel was sold. One hour's time being required to make one hundred and twenty-eight sales. The sale drew out the largest crowd of spectators ever seen at a similar sale in the city, a majority of whom held funds which they desired to invest in tax sales. The lands sold have been advertised for some time in The Gazette, the last publication being in last evening's issue.

THREE CROPS OF ICE THIS YEAR.

Ferris Ice Company Ends a Very Favorable Season—The Crop Good.

The Ferris Ice Company completed their ice harvest yesterday, filling their large ice house. "The third crop is the best of the season," is one of the firm yesterday as the force was completing the harvest. "All our ice has been very fine, but I think the ice we have been putting in today is the best of all. It is clear to a fault, and is tick enough for any purpose. I believe the ice secured this season is as good in quality as that of any previous season."

EXPRESS CHANGES
BEGIN TOMORROW.

ADAMS' EXPRESS GIVES AWAY TO THE U. S. COMPANY.

No Chance in the Office Force Except That a Clerk Is Added—J. R. Botsford to Be Route Agent—American Messengers Go Back On Their Runs.

Tomorrow will be the day of a general shaking up in the express business in Janesville. The Adams goes out of business; the United States comes in and the American will also make some changes.

The Adams' contract with the Chicago, Milwaukee & St. Paul road expires on March 1 and as has been stated before the United States will succeed them. The stationary and office supplies arrived today and Agent Ellengen is busy arranging things. It is said that there will be no change in the office force. A. F. Ellengen who has given excellent satisfaction as agent of the Adams will remain in charge of the office and Fred Kenyon will continue to drive the wagon but "Cal." Botsford will go into the office as a clerk. Other additions may be made before long. Agent Ellengen says "the office will probably be run on about the same basis until they can see what additions to the force are most needed; then they will undoubtedly be made."

Changes On the American.

Charles Knippenberg, of the American Express Company, who was put back in the Janesville office on account of low business, will go back on the road as messenger to-morrow morning, taking the run on the Fond du Lac passenger, leaving here at 6:40 a. m., and running between Janesville and Ripon. This puts Will Watt back on the Belvidere run and the delivery wagon, while E. D. Lamont will be in charge of the night's transfer department. As soon as the weather becomes settled work on the new transfer house at the depot will begin, and when it is completed Mr. Lamont will be quartered in the building nights.

The changes made by both companies will result in much better shipping facilities for Janesville, and the transfer of the Adams territory to the United States, will bring J. R. Botsford back to the Power City as route agent of this division.

Charles Knippenberg, of the American Express Company, who was put back in the Janesville office on account of low business, will go back on the road as messenger to-morrow morning, taking the run on the Fond du Lac passenger, leaving here at 6:40 a. m., and running between Janesville and Ripon. This puts Will Watt back on the Belvidere run and the delivery wagon, while E. D. Lamont will be in charge of the night's transfer department. As soon as the weather becomes settled work on the new transfer house at the depot will begin, and when it is completed Mr. Lamont will be quartered in the building nights.

The changes made by both companies will result in much better shipping facilities for Janesville, and the transfer of the Adams territory to the United States, will bring J. R. Botsford back to the Power City as route agent of this division.

WEDDING FOLLOWED HIS DIVORCE

John Berger Freed Monday, Marries Mrs. Elizabeth Hemmens Last Night.

John Berger, who figured on Monday as the plaintiff in a divorce proceeding before Judge Bennett, stood up before Rev. R. Qua of Court Street church at high noon today and took Mrs. Elizabeth B. Hemmens for his wife. The ceremony was performed at the home of the bride on Glen street, and was witnessed by only a few intimate friends of the parties.

HENRY A. DOTY SUFFERS A RELAPSE

Has Been Much Better But Chances Are Now Against Him.

Henry A. Doty, who has been on the sick list since last Thanksgiving day, and it was thought was convalescing, has suffered a severe relapse and is now very dangerously sick, in fact, chances are against his recovery.

NEWS OF THE BOWER CITY.

Apfel-Frusher.

Miss Anna Frusher, of this city, and Louis Apfel, of Center, were married at noon to-day. The ceremony was performed by Rev. A. H. Barrington, of Christ church, at the home of Mr. and Mrs. William Winkley, Milton avenue. The young couple will make their home in Center, the groom being engaged in farming.

The Tuckwood Machine Company has been incorporated with a capital stock of \$30,000, and the incorporators are William Tuckwood, Charles H. Tuckwood and Frederick H. Burton.

Rehearsals Begin Tonight.

The first rehearsal for the Pirates of Penzance will be held at the All Souls church Sunday school room at 7:30 o'clock tonight.

Tramps Put in Limbo.

Chief of Police Acheson corralled three drunken tramps this morning and housed them with Jailor Griffy.

Cowan Can't Get Well.

George Cowan, who has been sick for some time, is slowly failing, and it is almost impossible for him to recover.

Another Order.

The Lowell Hardware Company is becoming known far and wide as one of the best hardware and bargain houses in the county. Their store is continually crowded with customers, and almost every mail brings them some orders for something they have advertised, and the people know it cheap. The following speaks for itself:

MASON CITY, Mo., Feb. 26, 1894:—Lowell Hardware Co., Janesville, Wis.: GENTLEMEN—Please send me one of your Western Washers. Enclosed please find a \$2.50 express money order to pay for washer. Send by freight Chicago, via. Wabash R. R., to Edison Howe, Macon City, Mo., postoffice box 82.

Times are very dull here, but there is only one thing to do, to be patient and saw wood, and when election comes, put out the scup house administration. I enclose yours of February 22 to make plain. Respectfully yours, E. Howe.

The fact of the matter is that this Company's trade has increased to such an extent that they are compelled to have more room, consequently they are fixing up their basement, putting in a front entrance, lighting it with electric lights, which when completed will be one of the handsomest rooms in the city. E. W. Lowell is a hustler, and has become convinced that people will buy where they can get the most for their money. Such a house as the Lowell Hardware Company is a boon to Janesville, as they bring large numbers of people here who would probably go elsewhere.

THE HUMAN FACE IN A SER-
MON.

BROOKLYN, Feb. 25.—In the Brooklyn tabernacle this forenoon, Rev. Dr. Talmage chose for the subject of his sermon "The Human Face," and held his great audience fascinated with the charm of his eloquence, as he discoursed on a subject of universal interest. The text was Ecclesiastes 8:1: "A man's wisdom maketh his face to shine and the boldness of his face shall be changed," or, as it may be rendered, "the sourness of his face shall be sweetened."

Now, what practical religious eternal use would I make of this subject? I am going to show that we are not responsible for our faults, the Lord Almighty having dec-

A Bayonne merchant was in the south of Europe for his health, sitting on the front terrace one morning in his invalidism, he saw a rider flung from a horse into the river, a without thinking of his own weakness the merchant flung off his invalid gown and leaped into the stream and swam to the drowning man, and clutching him as he was about to go down the last time, bore him in safety to the bank, when glancing into the face of the rescued man, he cried, "My God I have saved my own son!" All kindness comes back to us in one way or another; if not in any other way than in your own face. Kindness! Show to others, for the time may come when you will need it yourself. He sprang laughing at the lion because he spared the mouse that ran over him, when one motion of his paw the mouse could have crushed the insignificant disturber. But it was well that the lion had mercy on the mouse, for one day the lion was caught in a trap and roared fearfully because he was held fast by ropes. Then the mouse gnawed off the ropes and let the lion go free. You may consider yourself a lion, but you can not afford to despise a mouse. When Abraham Lincoln pardoned a young soldier at the request of his mother, the mother went down the stairs of the white house saying, "They have lied about the President's being holy; he is the handsomest man I ever saw." All over that President's rugged face was written the kindness which he so well illustrated when

How long since your child went "Well," you say, "if she had lived she would have been ten years old now, or twenty, or thirty years." But does not that infant face still have tender supremacy over your entire nature? During many an eventide does it not rise at you? In your dreams do you not see it? What a sanctifying, hallowing influence it has been in your life. You can say in the words of the poet: "Better to have loved and lost than never to have loved at all." Or, it may have been a sister's face. Perhaps she was the invalid of the family. Perhaps she never went out except on very clear days, and then she had to be carried down the stairs to the piazza, for a short ride, but she was so tolerant and cheerful under it all. As the face looks at you through the years with what an elevated and heavenly emotion you are filled. Or, was it father's face? The storms of life have somewhat roughened it. A good deal of the brightness of the eye had been quenched, and the ear was turned with the hand behind it in order to hear all. But you remember that face so vividly that if you were an artist you could put it on canvas and it would remain to you more than any face that Rembrandt ever sketched. That face though long ago veiled from human sight is as plain in your memory though you this moment saw it moving gently forward and backward in the

Catarrh In The Head.

Is undoubtedly a disease of the blood and as such only a reliable blood purifier can effect a perfect and permanent cure. Hood's Sarsaparilla is the best blood purifier, and it has cured many very severe cases of catarrh. Catarrh oftentimes leads to consumption. Take Hood's Sarsaparilla before it is too late.

WHAT DO YOU THINK OF THIS?

HERE ARE 30 STYLISH SUITS, - - SPRING STYLES,

That Formerly Sold For \$18.00 to \$22.00, That We Will Close Out To-night And To-morrow, Thursday, at

\$10.00
Each

At the commencement of this Sale we advertised and sold 50 of them at \$12.50 each.

They actually cost us \$12.50, wholesale. We will give them to you for **\$10.00 each** to-night and Thursday.

You get the pick of the lot by coming early. Open to-night until 10 o'clock. Did you ever know of the like? Did you ever expect to buy Stylish, Seasonable, Dependable \$18 and \$22 Suits for \$10?

Remember This, These Suits are not \$10 goods, but our regular \$18 and \$22 Suits, selected out for this Sale, which
WILL CLOSE IN TEN DAYS.

There is one thing you should take heed of there are but 30 of these Suits and, as first choice is always desirable, you will do well to come early.

WHY THIS SALE GROWS==

This Sale has grown in volume day by day because every man, woman and child knows with absolute certainty the value of the goods offered. There is no disputing the merits of a bargain when a person has eight or ten dollars' worth of goods in their home at an outlay of three or four dollars. There are the goods and right there in their pocket is the money saved. That's why they come again. They know, too, that their neighbor, Mr. Blank, wants to buy a suit and overcoat. They tell Mr. Blank all about it—show him the price list. Mr. Blank comes. And so it goes. Delegations came last week from almost every town within 100 miles. Some came 200 and 300 miles. Many bought for six or eight families in their own localities. If every reader of these lines will make it a point to show the price list to such of their neighbors as may be interested there wouldn't be a disappointed man, woman or child within reach of Janesville—all will share in the chance of a century. TO-MORROW and the balance of the week will be the greatest yet for pleasant surprises. Be sure to come.

Our Mammoth Money

Raising Sale during the past three weeks has been an unprecedented success. Why? Because we have given the people such great Bargains and our patrons have shown their appreciation by sending in their friends and neighbors to attend this Sale, where one dollar now expended means a positive saving of at least three on Suits, Overcoats and Gents Furnishings. We still have innumerable grand Bargains in each of these lines and, as it is our determination to reduce stock to the lowest possible point, before the bulk of Spring Stock arrives, which will be March 15, these Goods must, in order to give us the desired room, be sold this week and neither cost, former value or anything else will form any criterion on which we base our prices for the Grand Clearing.

Come One, Come All

DON'T HESITATE. You can get our Clothing and Gents Furnishings at **YOUR OWN PRICE.** Now is your Opportunity.
